Problem Encountered and resources required:

Since this project is about bringing a social change by connecting the students with the main stream by getting them voting rights, Aadhaar card, blood donor card, bank account and other such ventures, there is hardly any financial liability. There is hardly any dark side of this project, as it works solely on the teachers' motivation and dedication for the work. The in-charge teacher is fully dedicated to such drives undertaken under this project.

Best Practice –II

1. **Title of the practice: PROJECT UDAAN**

2. **Motto: ‘Empowering the emancipated (Girls)’ Context:**

In today’s world we can see that women are not safe even in their homes and the atrocities on women are increasing. The woman in any society is an indicator of the overall progress of that society. Since Our institute, Renuka College is a co-education institute; we also get girl students also from nearby villages and suburban areas. Keeping in mind girls’ multifarious problems which they encounter in any working place and in an attempt to empower them, the college has come up with this unique project, ‘UDAAN’ (Flight). Under the project we help the girl students by making them aware of health, hygiene, women related laws, self-defence and safety. We conduct various programmes to orient them in female related problems and challenges. As per govt. directives to keep a sanitary vending machine, we provide them this facility free of cost as and when it is required. Giving them training in self-defence and safety tips is our prime objective. Moreover, they need awareness in health and hygiene related issues.

Goal:

- To sensitize the girl students regarding health and hygiene issues by organizing training programmes, seminars and check - up camps.
- To help the girl students in dealing with legal hassles regarding sexual harassment, molestation and exploitation by arranging legal counseling and personal counseling.
- To provide them free sanitary napkins in college premises as and when required by them
- To provide them training in self-defence for their personal security and safety such as yoga, karate and new safety gadgets and tricks.
- To boost their confidence through motivational and confidence building initiatives through rallies, slide shows, film screening, street plays on women related issues.
- To motivate the girl students to emulate the trend setter women achievers who

braved all the opposition to pave their path of success.

- To give them counseling for job opportunities and job oriented training as well as placement drive specially for women
- Under Govt. initiative of “Betibachao, betipadhao’ we make them ambassadors and volunteers to conduct various awareness programmes like street-play, rally, poster competition etc.

Practice:

1. The college has initiated in providing free sanitary napkins to the girl students in college premises. We have an efficient service network through which we help the students in distress. This initiative has been in force since 2011.
2. The college has given karate/yoga training to 20 students for their personal safety in 2013-14 and 35 students in 2014-15.
3. In our college there is an independent Woman Cell since 2009 which monitors all women related issues. Under this cell, Anti sexual harassment cell, internal complaint cell work to ensure their safety and security in the college premises.
4. To keep the girl students fit and healthy we also provide them special yoga training in which almost all the girl students are imparted such training and since last two years we conduct special yoga training on the occasion of International yoga Day on 21st Jun.
5. To empower the girls’ students with broader awareness regarding women related issues we regularly organize legal counseling seminars, family counseling and health checkup and women related safety issues under Women cell.

Evidence of Success:

1. Girl students in our college feel free and confident after the inception of Woman Cell under project ‘Udaan’.
2. Gender sensitization has been picked up since the inception of this project as boys are also made aware of women related issues, like domestic violence, female foeticide mutual respect etc.
3. Free distribution of sanitary napkins is something really unique and girl students feel more confident in attending regular classes.
4. After imparting health and hygiene tips, there is evident change in the health related issues of the students. Every year such camps are organized.
5. After imparting karate training and guidance in personal safety, our girl students

are confident enough to face any such untoward incident. We feel proud in registering that a girl was accosted by some miscreants but the girl handled them quite confidently and overpowered one of them to handover the police.

Title of the practice: PROJECT UDDAN

Motto: 'Empowering the emancipated (Girls)'

Context:

In today's world we can see that women are not safe even in their homes and the atrocities on women are increasing. The woman in any society is an indicator of the overall progress of that society. Since Our institute, Renuka College is a co-education institute; we also get girl students also from nearby villages and suburban areas. Keeping in mind girls' multifarious problems which they encounter in any working place and in an attempt to empower them, the college has come up with this unique project, 'UDAAN' (Flight). Under the project we help the girl students by making them aware of health, hygiene, women related laws, self-defence and safety. We conduct various programmes to orient them in female related problems and challenges. As per govt. directives to keep a sanitary vending machine, we provide them this facility free of cost as and when it is required. Giving them training in self-defence and safety tips is our prime objective. Moreover, they need awareness in health and hygiene related issues.

Title of the practice: PROJECT UDDAN

Goal:

- To sensitize the girl students regarding health and hygiene issues by organizing training programmes, seminars and check - up camps.
- To help the girl students in dealing with legal hassles regarding sexual harassment, molestation and exploitation by arranging legal counselling and personal counselling.
- To provide them free sanitary napkins in college premises as and when required by them
- To provide them training in self-defence for their personal security and safety such as yoga, karate and new safety gadgets and tricks.
- To boost their confidence through motivational and confidence building initiatives through rallies, slide shows, film screening, street plays on women related issues.
- To motivate the girl students to emulate the trend setter women achievers who braved all the opposition to pave their path of success.
- To give them counselling for job opportunities and job oriented training as well as placement drive specially for women
- Under Govt. initiative of "Betibachao, Betipadhao" we make them ambassadors and volunteers to conduct various awareness programmes like street-play, rally, poster competition etc.

Evidence of Success:

1. Girl students in our college feel free and confident after the inception of Woman Cell under project 'Uddan'.
2. Gender sensitization has been picked up since the inception of this project as boys are also made aware of women related issues, like domestic violence, female foeticide mutual respect etc.
3. Free distribution of sanitary napkins is something really unique and girl students feel more confident in attending regular classes.
4. After imparting health and hygiene tips, there is evident change in the health related issues of the students. Every year such camps are organized.
5. After imparting karate training and guidance in personal safety, our girl students are confident enough to face any such untoward incident. We feel proud in registering that a girl was accosted by some miscreants but the girl handled them quite confidently and overpowered one of them to handover the police.
